INTRO:

VERSE 1:

You said we were awesome; you were my rock and roll guru.. yeah
You had my adoration, until I finally knew you, (then I looked right through you).

CHORUS:

You said you loved us on the stage; you thought you had it made
Oh you think you're a Rock God, Oh yeah you think you're a Rock God.

VERSE 2:

You're a three hit wonder, and some will remember yeah
The touring and the riders, you're on an ego bender, like last November

CHORUS:

You said you loved us on the stage; you thought you had it made,
Ah you think you're a Rock God, oh yeah you think you're a Rock God...
You said you loved us on the stage; you thought you had it made,
Ah you think you're a Rock God, oh yeah you think you're a Rock God...

BRIDGE:

You love us when we pay and you love us when you play.
I stood to shake your hand, and you didn't even stand, too good for me you're the man

SOLO 1 (Keyboard & Guitar):

VERSE 3:

Take your boots off the table, and put your feet on the ground now yeah
Identity deluded, still making sounds in a small town, (what's this fame you've found now?)

CHORUS:

You said you loved us on the stage; you thought you had it made
Oh you think you're a Rock God, Oh yeah you think you're a Rock God ...
You said you loved us on the stage; you thought you had it made
Well you think you're a Rock God, Oh yeah you think you're a Rock God.
You said you loved us on the stage; you thought you had it made
Ah you think you're a Rock God...

BRIDGE:

You love us when we pay and you love us when you play.
So I stood to shake your hand, and you didn't even stand, too good for me you're the man

OUTRO:

Rock God, Rock God, Rock God, Rock God
